HOW MUCH IS THIS GOING TO COST ME

We have two full time employees to get your surgery authorized and to bill your insurance for you. **THIS IS NOT OUR RESPONSIBILITY** and this adds great cost to the practice but we at the Virginia Vein Institute treat each & every patient like family and go over and beyond what our obligations are to you the patient. There are over 400 health insurances in the USA & everyone's plan is different so we **DO NOT** know the terms of **YOUR** specific plan.

Also any surgical procedure is **unpredictable**; therefore we cannot assure that these will be the only codes billed during any surgery though they are the only ones planned. If you want to know how your insurance will cover your treatment, feel free to contact **YOUR** insurance company for coverage information. Using the form below may assist you.

Procedure: 36475 is CPT Code

Allowed amount is \$ _____

A) Copay: \$ _____

B) Deductible remaining:

a. Individual _____

b. Family _____

C) Co-Insurance: _____ %

D) MY RESPONSIBILITY WILL BE BETWEEN: _____

Sincerely,

The Team at the Virginia Vein Institute
